County roadwork planned for four busy Idyllwild roads

By JP CRUMRINE
CORRESPONDENT

Driving through Idyllwild for the rest of the summer will be different, if not difficult at times. As many know from the recent postal box fliers, Riverside County is planning extensive road work, mostly resurfacing, which will begin this month and continue into the last of October.

Motorists can expect lane closures during construction with flaggers assisting vehicles through the closures. Residential and business driveway access will remain open.

The first work is planned from early August, probably near Idyllwild School, and expected to continue through October at the entrance to Humber Park. But weather and other events could alter the schedule, Andrea Suarez, the county's information consultant, stressed.

Four local and heavily trafficked roads and two locations will be involved. The roads are Saunders Meadows Drive, both North and South circle drives, and Fern Valley Road. The County Transportation Maintenance Yard and Lawler Lodge are the two specific locations where resurfacing will be done and may affect traffic passing near them.

Roads

All of the road work should begin this month on Saunders Meadow Road, which the county plans to reconstruct from Highway 243 to Clubhouse Drive, about half a mile in distance. Reconstruction involves "... completely removing all of the asphalt and replacing it," according to Suarez.

The work on North and South circle drives is mostly resurfacing, which is only grinding out the top layer of asphalt and then repaving it.

The work along South Circle Drive will cover about 1.8 miles, from Highway 243 (just beyond Idyllwild School) to Pine Crest Avenue near Fern Valley. Most of the work on South Circle will be resurfacing but one section will need reconstruction in order to "reprofile and improve existing drainage," the county's transportation website indicated.

The county plans to resurface about .7 miles of North Circle Drive from Village Center Drive to the top at Pine Crest Avenue.

Fern Valley Road will be resurfaced from South Circle Drive to Humber Park, about 1.7 miles. However, just before the entrance to Humber Park, the county needs to construct a retaining wall below the road edge.

Currently, this is expected to occur in late October. Because of the equipment and narrow area, the county will need to close access to Humber Park for vehicles, cyclists and pedestrians for about two weeks when this portion of the work commences. Also, parking will not be permitted on Fern Valley Road during the closure.

When this occurs, the U.S. Forest Service will post signs on the Pacific Crest Trail, especially at the juncture with Devil's Slide Trail, so hikers will know they can still get into town for food, rest or mail via the Ernie Maxwell Trail, which has access in the Humber Park parking lot.

See Local roadwork, page A2

A wildfire near Saunders Meadow and May Valley roads Thursday afternoon is under investigation. It burned less than 5 acres and was quickly extinguished. The U.S. Forest Service and Idyllwild Fire Station crews, along with helicopters, helped get the blaze under containment quickly.

Local property assessments grow

By JP CRUMRINE
CORRESPONDENT

Last week, Peter Aldana, Riverside County's assessor-county clerk-recorder, announced that the county's total real estate assessment valuation has exceeded \$400 billion for the first time. The 2023 assessment of \$404 billion is \$35 billion more than the 2022 total.

Real estate assessments' growth on the Hill was greater but below the countywide increase of 9.6%. The assessed value for all Hill properties contributed to the overall county increase of \$35 billion.

The greatest percentage increase was in Mountain Center real estate. This year, the total real estate assessment in Mountain Center was \$21.2 million, an increase of 10.4%. This compares to a 1% increase in 2021-22.

Residential property, valued at \$16.3 million, is the largest component of the Mountain Center total. This represents 48 parcels. Three valuations were between \$1 million and \$3 million. Another three properties were assessed between \$750,000 and \$1 million. Forty-four properties were valued at \$300,000 and lower. Twelve vacant parcels, assessed at \$1.6 million, were the second largest.

Idyllwild and Pine Cove have 5,341 properties with a total assessed value of \$1.4 billion, which was an increase of 8.5%. In the previous year, the Idyllwild and Pine Cove total assessed value grew 10.4%. Over the past four years, the total value of real estate assessments in Idyllwild and Pine Cove has grown 7.5%.

Residential property has the greatest assessed value of \$1.2 billion in these communities. Commercial properties, of which there are 153, have been assessed at \$108.5 million.

In the Idyllwild and Pine Cove neighborhoods, one parcel assessed at between \$10 million and \$50 million. Another assessed at between \$5 million and \$10 million and 75 between \$1 million and \$5 million. At the lower end of the assessed valuations, 3,458 properties were at \$300,000 and lower.

Garner Valley's total real estate assessments were \$219.1 million. This area had the lowest percentage increase of assessed valuation of Hill communities. This year the total valuation grew 4.9% and an average increase of 4.6% in the past four years.

The 372 residential properties, valued at \$164.7 million, were the largest component. However, six commercial properties had a valuation of \$33.8 million. And 84 vacant parcels were valued at \$9.8 million.

The total assessment for three properties was between \$5 million and \$50 million. The 27 properties had valuations between \$1 million and \$3 million. More than 200 parcels had assessment valuation between \$300,000 and \$1 million and another 259 properties were valued at \$300,000 or less.

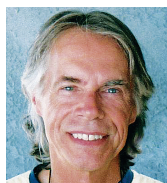

Aldana's news release provided information for property owners who may have questions. A review of the 2023 assessment roll value is available on the Riverside County Assessor's public access online services website at ca-riverside-acr.publicaccessnow.com/ or by calling (951) 955-6200.

For concerns about a valuation, owners may file a free decline-in-value application online at ca-riverside-acr.publicaccessnow.com/E-Forms/DeclineinValueApplication.aspx. The decline-in-value objections are due by Nov. 1.

Property owners also may request a formal hearing before the Assessment Appeals Board. The deadline to file is Nov. 30. The application is available on the clerk of the board's website at aao.countyofriverside.us/.

IFPD busy with fire abatement and wildfires

By DAVID JEROME
IDYLLWILD

The Idyllwild Fire Protection District (IFPD) Board of Commissioners met July 25.

Secretary Rhonda Andrewson was unable to attend, but participated through Zoom, as did Legal Counsel Stephen Graham. Also present were 18 members of IFPD's Crew 621.

Chief Mark LaMont noted that having legal counsel participate in meetings gives the district a discount with its liability insurance. He also explained the changing post-pandemic rules for Zoom meetings. A state law effective Jan. 1, 2023, changed how Zoom can be used at Brown Act compliant meetings. A board member must have a "qualified" or "justified" reason for their absence. Contagious illness, family caregiving, and travel on district business qualify, but just being on vacation does not.

Without a qualified reason, they cannot vote, or add to a quorum, but can have their "intention to vote" yes or no entered into the record. If they are voting, their physical address must be open to the public and posted 72 hours in advance, and a witness must sit with them.

President Dan Messina described a visit to the Thomas Mountain control burn, calling the visit "very educational" and the operation "textbook" and "going perfect."

Commissioner Henry Sawicki used his report to discuss a family matter that the district has become involved in. Three years ago, his son-in-law, Steve Smith, was working as an electrical lineman and fell 40 feet. He survived, undergoing "numerous therapies at numerous facilities." At this point he is reentering active life, and the workers comp process encourages volunteer work to rebuild the structure of everyday working life, but allow for setbacks. So, Smith has begun volunteer work with IFPD. Sawicki wished to extend his family's thanks and express gratitude to LaMont, the full-time firefighters, and the crew members for furthering his son-in-law's recovery. LaMont called the opportunity to help "a blessing."

Commissioner Stephanie Yost began by thanking IFPD for sending a fire truck to the Idyllwild Summer Concert Series at the Butterfield Amphitheater. She noted that the personnel were very helpful, although the truck had to be moved three times to find the right spot. Concert-goers, she said, "enjoyed the flag" suspended from the truck's ladder.

Yost also raised the issue of the prayer or invocation that, after the "Pledge of Allegiance," precedes IFPD commissioners' meetings. Would it be possible to have faith leaders from the community rotate through this activity to provide some "diversity?" She offered to reach out to various community faith leaders to facilitate this. LaMont said IFPD has a chaplain, Don Hales, who is presently unavailable and may be stepping down. He is

talking with individuals who might take that position.

LaMont made his report. He explained that the members of Crew 621 arrayed around the perimeter of the meeting room were about half of the full crew. He mentioned the "whirlwind" of training to "onboard" them. Some already had fire academy training, but all are "better off for the experience and education." During the meeting, the crew was called to an incident; dry lightning in Garner Valley had sparked a vegetation fire.

LaMont listed recent mutual aid calls to fires; Johnson in Thermal, Ramona in Hemet, Rabbit near Gilman Springs Road, Ave 66 in Mecca and Highland in Banning. Fuels reduction projects included one near Lake Elsinore and the Thomas Mountain control burn.

He recently met with Chief Mike Noble of the San Bernardino National Forest. The San Bernardino heat index is a primary concern. LaMont told the board that the prediction was for three more days at 105°, two at 104°, and finally a period at 100°. At that point, perhaps as early as Saturday night, (the 29th) the district's "pre-positioning strategy" was to be reexamined.

Presently, IFPD is keeping three engines fully staffed and pre-positioned at Alandale, Kenworthy and Keenwild ranger stations. The crews, 43 people, are there from 7 a.m. to 10 p.m., seven days a week, and return to Camp Maranatha for meals and sleeping. LaMont expressed thanks to Camp Maranatha for its part in making this possible. This is another aspect of IFPD's Mutual Aid agreement operations: as well as providing an extra ring of early response protecting the communities. It is a source of income. This year the excess of revenue over expenditures was 48% higher than expected, over \$657,000.

Projects like the Thomas Mountain burn and the Cleveland National Forest burn are part of a growing network of cooperation to make "all of our communities fire safe." He is "currently working on a participation agreement with USFS that will allow us to go out and treat several thousand acres in the San Bernardino, Cleveland and Angeles national forests."

Annual abatement inspections have been completed, with 121 properties failing. The day before, IFPD began a "big push" to re-inspect the failed properties. Citations can include a \$1,000 fine. "I don't want to cite anyone. What I want is to have partnerships." The district does not have the resources to abate all the property in the jurisdiction, but "if you need help, call us," LaMont added, "The only way we can survive another big fire is to get the abatement done."

Yost asked about the timing of the inspection process. LaMont responded that the process began late this year due to snow on the ground in April. There are five stages to the process, described by ordinance, and each takes weeks. The first stage generally begins by April 15th, but this is not "by ordinance." He reiterated that people who have questions should call IFPD's non-emergency office number. "We will send someone

out" to explain what the inspectors want to see. "We will work with people" to find solutions. Sawicki noted that this year there are 36 fewer failed inspections than last year. Andrewson added that "anyone who lives in the mountain area and does not get the concept of abatement should not be living there."

LaMont reported on the new communications site (fully operational, still awaiting a few pieces of repeater equipment) and the visit by a Riverside County grand jury. The district expects to host these visits every two years. They jury members were briefed on budget, policy, Brown Act compliance and operations. The visit included a field trip. The grand jury used information from the visit to write a paper about ambulance patient offload delays. LaMont described the visit as "enjoyable."

The district completed the purchase of a new pickup truck, a Dodge Ram 3500. The price came down from the budgeted \$65,000 to \$60,000 after some "armwrestling" with the dealer and the builder providing the out-fitting.

The board approved financials for May and June showing a year-to-date excess of revenue over expenditures of over \$485,000, almost five times what was expected. The board also voted on a pro forma item: the annual reaffirmation that the district's Unit Fee or Parcel Fee Assessment on improved property (\$65 per "unit") is in compliance with Prop 218. It also voted to request the county advance \$400,000 on taxes collected by the county on behalf of the district.

As in previous months, the board's packet includes a number of items of "correspondence." These are brief notes or longer letters thanking IFPD for services rendered. One elderly resident thanked IFPD for helping them after a fall, and included what LaMont called a large donation. Another thanked IFPD for its response when a local youngster, who had suffered many health challenges, died. This note came with sandwiches.

Hemet Fire's chief sent thanks after IFPD manned one of its stations so on duty crew could attend a memorial service for a city council member. Other brief notes said "Thank you for saving my life," and "Idy would be lost without you guys." LaMont also noted a letter from Astro Camp's director, Michelle Peterson, who is moving away. The letter thanked IFPD for 12 years working together and included a recipe for the biscotti that have accompanied previous correspondence.

The board discussed possible dates for an IFPD fundraising spaghetti dinner and possibly a hoe down. Idyllwild Pines has no Saturdays available, so the dinner would have to be on a Friday or Sunday, and may be pushed into November. LaMont also noted that National Night Out, a community-building event for law enforcement and first responders, was to happen Tuesday, Aug. 1, at the Lake Hemet station.

Commissioner Dennis Fogle asked that the agenda for the September board meeting include a consideration of personnel bonuses.

U.S. Forest Service and Idyllwild Fire crews work together laying hose and building hand lines to suppress a wildfire Thursday afternoon in Mountain Center near May Valley Road.

Covered Cal rates increasing, but protections for most enrollees

By JP CRUMRINE
CORRESPONDENT

Last week, Covered California (CC) announced that its premiums for 2024 may increase almost 10% in January. About 1.6 million Californians (as of March 2023) get health insurance through the CC marketplace.

However, most CC members will not see an increase of this much. Nearly 20% of its enrollees will have a zero-dollar premium and 30% will incur no or a slight decrease if they stay with the same plan in the same region, according to the press release.

A variety of reasons are contributing to the larger percentage growth this year. Medical cost trends have changed in the post-pandemic era. First, a big jump in enrollment due to the COVID-19 pandemic over the past five years is slowing. But increased utilization of health care services has continued while medical cost inflation, drug prices and labor dynamics — such as shortages and salary and wage increases — are becoming a more significant influence for this year’s increase.

“While this is a challenging year for health care costs, Covered California’s market remains stable and continues to deliver more choices to our consumers,” said Covered California Executive Director Jessica Altman. “Despite this year’s increases, because of the extension of enhanced federal subsidies through the Inflation Reduction Act and new financial support from the state, Californians will have more help paying for their plan than ever. In fact, many consumers who receive financial help will see no change to their monthly premiums, and some will see their deductibles eliminated entirely.”

The largest overall percentage increases for the 11 insurers, CC reported, were 15% for Blue Shield of California and 10.9% for Anthem Blue Cross. Aetna CVS Health held its increases to 0.2%.

In Region 17, which Riverside and San Bernardino counties comprise, the average increase is projected to be 9.7%. However, CC estimates the average premium can be reduced 4.2% if consumers shop and switch to the lowest cost plan in their current medal tier (Bronze, Silver or Gold or Platinum).

Five of the 19 CC regions had lowered average rates of change. Region 2, which encompasses Marin, Napa, Solano and Sonoma counties, will see a 6.5% rate change. Even nearby, San Diego County’s average increase will be 8.7%.

Premiums can be lowered or less expensive for several reasons, according to CC. “The new state-enhanced cost-sharing program will strengthen the Silver Cost Sharing Reduction plans, increasing the value of Silver 73 plans to approximate the Gold level of coverage and increasing Silver 87 plans to approximate the Platinum level of coverage. Silver 94 plans already exceed Platinum-level coverage. Over 650,000 enrollees will be eligible for these cost-sharing reduction benefits.”

Furthermore, deductibles will be eliminated entirely in all three Silver CSR plans. Other benefits will vary by plan but will include a reduction in generic drug costs and copays for primary care, emergency care and specialist visits and a lowering of the maximum out-of-pocket cost, according to the release.

In other news for Riverside County members, Inland Empire Health Plan, one of the 10 largest Medicaid health plans in the nation that serves more than 1.6 million resi-

dents, will join CC and begin offering coverage in Riverside and San Bernardino counties.

“Increased competition benefits our marketplace and provides our enrollees with meaningful choices for their health coverage,” Altman said. “With Inland Empire Health Plan joining the marketplace and carrier partners like Aetna CVS and Health Net expanding their service areas, Covered California consumers will have more choices than ever to shop, compare and find a plan that best fits their family’s needs.”

But Oscar Health, with only 31,000 California enrollees, will be withdrawing from the state. This is not the only marketplace from which Oscar Health is leaving. Arkansas and Colorado will no longer have this insurer for their programs.

“Nearly 90 percent of Covered California’s enrollees receive financial help, with many paying \$10 or less per month for their health insurance,” Altman said. “With the enhanced subsidies and increased affordability support available to consumers, access to high-quality, affordable health care has never been more within reach for Californians.”

Between 2020 and 2022, the average increase was 1%. In 2023, the average rate change was 5.6 % and then 9.6% for 2024.

These changes will be effective Jan. 1, 2024. However, residents with qualifying life events, such as losing health coverage, can enroll now. A full list of life changing events can be found at the CC website www.coveredca.com/support/before-you-buy/qualifying-life-events/.

To check eligibility or look at other plans, CC recommends its Shop and Compare Tool at apply.coveredca.com/lw-shopandcompare/. Or, call CC at 800-300-1506 to learn about eligibility for Medi-Cal, whose enrollment is year round.

Jennifer Singer performing Aug. 10 at summer concert

By DAVID JEROME
IDYLLWILD

Idyllwild's free Summer Concert Series continues Thursday, Aug. 10, when the Butterfield Amphitheater will host Jennifer Singer, with locals Bryan and Laree Goodhead opening. The music begins at 6:05 p.m. with the headliner taking the stage at 7 p.m.

Singer was a special treat at the end of last summer's series. Series producer Ken Dahleen managed to add a ninth concert to the series, and invited Singer to close the season. As last year, Dahleen will call upon members of his network, the same pros that make up his Big Band Staff, to put together a seven-piece band to back her up. The program promises "A Touch of Broadway."

Singer (her real name) earned her degree in drama and education at University of California Irvine (UCI), and as a participant in UCI's New York satellite program, had the opportunity to study under Broadway professionals. She has credits as a singer, actor, dancer and songwriter, and her career has taken her from Equity Theaters to cruise lines and the big stages in Las Vegas. On dry land she enjoys traveling and performing with Live It Up Productions, road trips, hiking and teaching yoga.

Last year, Royal Caribbean chose her to be the "signature artist" aboard its Wonder of the Seas. The world's largest cruising vessel, it has the biggest theatrical venue at sea. She told the Crier then that the program she is bringing to Idyllwild is "semi-scaled down" from a show she was doing in Europe, minus the hydraulics, lifts and backup singers, but still a musically big show.

Locals and visitors may have heard the Goodheads, the warmup band, with their "Heavenly 70's" program at Middle Ridge Wine Tasting Gallery and around town.

They plan to play tribute material from James Taylor, Carole King and Carly Simon, as well as original songs by Laree. "Bryan does fabulous impressions of various musical artists and loves the complexities of James Taylor's music; he enjoys the more sophisticated guitar parts," she said. Over the last few years, she has stepped up the songwriting, and has produced recordings at her brother's Orange County studio. A lot of this has been posted to YouTube.

The couple met while working on a Holland America cruise ship, performing independently. He was headlining a musical comedy act while she worked as a piano-bar entertainer. "We became fast friends and then a romance developed," she said. They realized that they had been living near each other, in Venice Beach and El Segundo, but had to go to Central America to meet.

The duo combines musical skills with comedy and impressions. Recent runs include Marvyn's Magic Theater in La Quinta, doing a musical variety/comedy act. The Goodheads plan to take their show beyond Idyllwild, booking shows throughout California and the Southwest. "We look forward to some road trips," she said.

Laree had her sights on Idyllwild for a while before moving here. Childhood family camping trips to the Sequoias gave her a taste for mountains and forests. "I knew that one day I wanted to set down some roots again." She introduced Bryan to Idyllwild in 2009 while they were on a break from cruise ship work. "He fell in love as well," she said. "We knew we had a future together here. We were very tired of the city. Being here in Idyllwild and getting our house is a dream come true. We're really happy in Idyllwild. We love our home and have some great friends. We've lived a lot of our dreams and we're not done yet."

Laree also wanted to say she is "grateful for the oppor-

tunity to give" and looks forward to the crowd at the Butterfield. This will be her third date with the series; in past years she joined Roger Dutton and Eric Lindgren. "This will be the first with Bryan, and we're doing something different."

These free concerts, funded completely by donations from local businesses, groups and individuals, are among the high points of summer life here in Idyllwild. The "hat" is passed at the event, and those who can are invited to give to keep this tradition alive. Contributions also may be sent, checks payable to "Idyllwild Summer Concert Org," to P.O. Box 1542, Idyllwild CA 92549-1542. For more information, call Dahleen at (760) 413-4638.

Remember that temperatures drop in the summer evening. Come prepared with an extra layer to Butterfield Amphitheater, 54201 Ridgeview Drive, access through the Idyllwild Community Center Playground parking lot on Highway 243 just south of town.

ATTENTION CONTRACTORS

California Business and Professions Code 7071.13 reads: "Any reference by a contractor in his advertising, soliciting, or other presentments to the public to any bond required to be filed pursuant to this chapter is a ground for the suspension of the license of such contractor."

This is a contractor's responsibility, not a newspaper's, and we are not responsible for it. However, as a courtesy, we will remove references to a bond in contractors' advertising, if we notice it.

SPORTS

By STEPHANIE YOST
IDYLLWILD COMMUNITY CENTER

Idyllwild Community Center (ICC) has opened registration for its youth soccer program. The soccer season begins Monday, Aug. 21, and ends Friday, Oct. 27.

There are three age brackets for children, who will attend practice and play games at different times: ages 4 to 6 (practices and games will be from 4:15 to 5:15 p.m.); ages 7 to 9 (practices and games will be from 5:30 to 6:30 p.m.), and ages 10 to 14 (practices and games will be from 6:45 to 7:45 p.m.).

All practices are Mondays and/or Tuesdays and all games are Thursdays and/or Fridays, based upon team sizes and parent input.

All practices and games are held at Idyllwild School. Sign-ups are open until Wednesday, Aug. 16.

The registration fee, which includes team T-shirts and medals for all participants, is \$75 per child.

ICC also is seeking community volunteer coaches. The coaches do not need to be parents, but the registration fee will be waived for a coach's child or other relative who participates in the soccer season.

Those interested in registering to play or volunteering to coach may do so online at idyllwildcommunitycenter.org. ICC notes that financial aid is available on a case-by-case basis.

With more than 20 children already enrolled since registration opened July 25, ICC is looking forward to a great youth soccer season.

Steele to play at the Greenbrier

By JACK CLARK
PRO GOLF CORRESPONDENT

Brendan Steele is entered this weekend in LIV Golf's tournament on The Old White golf course at The Greenbrier golf resort in White Sulphur Springs, West Virginia, a town with a smaller population than Idyllwild.

The native Idyllwilder currently is ranked 186th in the Official World Golf Ranking.

The tournament can be followed all three days — Friday through Sunday — using the LIV Golf app. Currently, Channel 5, Los Angeles is no longer available on DirectTV, but this is a contract dispute so the situation may change.

CREATURE CORNER

By JANICE MURASKO

Last week in "Days of Our Nine Lives," ARF cats and kittens shared ideas for keeping felines safe during the hot summer.

Harley: We talked about ways to keep us cats safe during this unprecedented heat, but what about dogs?

Phil: ARF folk are always upset to see people walking their dogs on hot concrete.

Harley: Even worse is when dogs are left in cars on warm or hot days.

Rosy: I've heard that the heat of summer can lead to anything from sunburn to heat stroke. Most of the conditions caused by summer heat are relatively easy to prevent, so why do dogs suffer in the summer?

Katnis: Good question. A dog guardian simply needs to be cautious and exercise prevention. Knowing signs and symptoms of heat stroke and sunburn is crucial.

Phil: They should know to phone the vet right away for signs of heat stroke. Dogs who are exposed to ambient heat that causes heat exhaustion and heat stroke will show signs such as excessive panting, bright red gums and tongue, and a lack of coordination that may be accompanied by the signs of dehydration such as tacky gums, lethargy, loss of skin elasticity and rapid breathing.

Pepper: Wow! And if a guardian wants to walk her dog, she should first put the back of her hand on the cement or concrete for seven seconds. If it is uncomfortable, then the dog should stay home and stay cool.

Don: Walking a dog on hot cement, rocks or gravel can lead to contact burns on the paws.

Katnis: Years ago, ARF took in a dog who had been left to wander during a heat wave. The poor pup had third-degree burns on all four paws. He couldn't even walk, and bandages on his burns had to be changed daily.

Pepper: Let's work to prevent this.

Be sure to keep up with the animal antics of Days of our Nine Lives each week. And please stop in to say hello to the entire adoptable cast at the ARF House, 26890 Hwy 243. ARF is open Saturdays 10-3, Sundays 10-2, and during the week by appointment. Please call 951-659-1122.

For those interested in sponsoring future weeks or months of Creature Corner, contact ARF at 951-659-1122 or info@idyllwildarf.org.

HOROSCOPES

August 2023 — Week 1

March 21 – April 19
Aspects favor new romances for unpaired Ewes and Rams. Already-paired Arian twosomes experience renewed harmony in their relationships. Money matters also take a bright turn.

April 20 – May 20
Use that strong Bovine determination to help you keep the faith with your convictions while you move through a period of uncertainty. Things begin to ease by the week's end.

May 21 – June 21
Pay attention to your intuition. It could be alerting you to be more careful about accepting a "statement of fact" simply on trust. Don't be shy about asking for more proof.

June 22 – July 22
Concern for the well-being of someone in need is admirable, but don't forget to take care of yourself as well. Ask a family member, close friend or colleague to help you.

July 23 – August 22
It's OK to focus on the demands of your career, but try to avoid misunderstandings by also reaching out to family and friends. Your sharp intuitive sense kicks in by midweek.

August 23 – September 22
Keep a rein on that green-eyed monster. Jealousy is counterproductive. Instead of resenting a colleague's good points, concentrate on developing your own abilities.

September 23 – October 22
Spending time on a creative project during this high-energy week can pay off both in emotional satisfaction and in impressing someone who is glad to see this side of you.

October 23 – November 21
Now is a good time to start planning that trip you've put off because of the demands on your time. Be sure to choose a destination that is new and exciting.

November 22 – December 21
That upbeat mood in the first part of the week makes you eager to take on new ventures. A more serious note sets in later to help you assess an upcoming decision.

December 22 – January 19
A high energy level gives the Goat the get-up-and-go to finish outstanding tasks before deadline, leaving time for well-earned fun and games with friends and family.

January 20 – February 18
Dealing with disappointment is never easy, but the wise Aquarian will use it as a vital lesson and be the better for it. On another note, a close friend has something important to say.

February 19 – March 20
Your best bet is not to get involved in an argument between colleagues until you know more about who started it and why. Even then, appearances could be deceiving. Be alert.
